### Lancaster Door and Drawer Front Construction

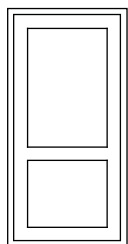

- **Standard overlay construction (5/16" overlay).**
- 3/4" thick hardwood frame with 1/4" thick plywood insert panel, grain direction is always vertical.
- Drawer fronts are 3/4" thick select hardwood.
- Door is secured to the cabinet using Blum® 6-way adjustable cup hinges.
- As an option, #3 Youngdale® knife hinges may be ordered on all Lancaster Series door styles. (OPT#694)

Wood Species	ABBR	Door Styles*	_____
Cherry	..... LAC	.....S/A	
Hickory	..... LAH	.....S/A	
Maple	..... LAM	.....S/A	
Oak	..... LAO	.....S/A	

\*Door style abbreviations: (S) Square, (A) Arch  
Square door panels on all base cabinets.

- As an option, a 5-piece drawer front with a flat, veneer center panel may be ordered to replace all slab drawer fronts. (OPT#520)

**Note:** In order to provide the most stable door possible, all Lancaster Series doors taller than 29" will be made with two floating wood panels using the profile shown for that style. Single panel doors may be ordered as an option. (OPT#620).
