Maple	STM.....	S
Oak.....	STO.....	S

*Door style abbreviation: (S) Square
Square door panels on all base cabinets.

Stafford Door and Drawer Front Construction

- Traditional overlay styling (5/16" overlay).
- 3/4" thick hardwood door frame with 1/4" thick plywood insert door pane. Raised applied molding picture frames the center panel.
- 5-piece 3/4" thick select hardwood drawer front with a flat, veneer center panel and raised applied molding.
- Door is secured to the front frame with Blum® 6-way adjustable cup hinges.
- As an option, #6 Youngdale® knife hinges may be ordered on all Stafford Series door styles. (OPT#694)
- Doors taller than 29" will be made with two floating wood panels using the profile shown for that style. Single panel doors may be ordered as an option.
- A slab drawer front may be ordered in place of 5-piece drawer front at no charge. (OPT#527)

Note: In order to provide the most stable door possible, all Stafford Series doors taller than 30" will be made with two floating wood panels using the profile shown for that style. Single panel doors may be ordered as an option (OPT#620).
